Summary	The quantity of products on checkout page is not increased
Environment	Prod
Reproducability	

Description

After the number of products on the pop-up checkout window was increased, on the checkout page the quantity of products stayed unchanged.

Steps to reproduce:

1.Open the main page of makeup.com.ua

2.Click on the upper discount picture-link.

2.On the discount page's footer click on the link "Укр" to change location.

3.On the reloaded discount page click on the button "Купити" on the left item in the first row.

4.On the pop-up window "Кошик" increase the quantity to 2.

5. Click on the button "Оформити замовлення".

Actual Result:

On the checkout page "Оформлення замовлення" the quantity of products is set to 1.

Expected Result:

On the checkout page "Оформлення замовлення" the quantity of products is set to 2.
